Report on Field visit to Astitva School for differently abled

Date : 30-9-2022

The SIA College of Higher Education Dombivli East, Department of Bachelor of Commerce (B.Com) organised a study tour field visit to Astitva School differently abled, Dombivli on 12th and 13th September 2022. The main purpose of this visit was to create awareness about Cerebral Palsy and Autism among the students.

Before the visit students were asked to explore the website of Astitva School from which they came to know that this organization was set up on 6th September 1981 and completed 41 years of successful establishment. It deals with two categories deaf, mute and mentally retarded.

During the visit students observed that teachers use comprehensive methodology (sign language), speech therapy and interaction skills in their daily class schedule, which helps students to develop their physical, mental and emotional aspects of their personality, enabling them to independently live in the society. Teachers take a lot of effort and use charts, photos and drawings to make the concepts clear for students and have patience to teach children and wait for them to learn. Children in the school learn English, Maths and other subjects and after completing their graduation they have 3% reservation in working places. There were a total of 350 students in school and they were between the ages of 3 years to 21 years. The classes conducted were from 1st std to 10th std and the timings were from 10.00 am to 4.00 pm.

In each class, there were only 6-8 students and they sat around the teacher so that they can concentrate on what the teacher was teaching. The syllabus includes self-dependence, etiquettes, conversation, everyday activities etc. Children socialize, learn, have fun, play and experience an open environment without feeling embarrassed of their limitations.

THE S.I.A. COLLEGE OF HIGHER EDUCATION DOMBIVLI

The teacher of Astitva school shared with us that children enjoyed a lot with their classmates. They talked, laughed and expressed thoughts, views with their classmates. All students' listening capacity is different and early intervention is necessary. There were many therapies applied on students.

In school, children took part in various sports, games and extracurricular activities which made them feel happy. They were well-mannered and well-behaved. They enjoyed playing with smiley balls and hula hoops. As non-verbal communication was only the mode to communicate and connect with the special children. Children were very happy and enthusiastic to meet young college students. They shared their artwork with students. It was heartening to note that students were encouraged to study new things. Their teachers were very supportive. Everyone cheered the students and clicked some pictures with them.

Outcome:

SIA college students replaced their sympathy by love towards the retarded and disabled fellow beings. They observed that the specially abled children are so sharp and keen to learn new things. They were thankful to nature and parents for having everything in life and felt not to be ever complaining hereafter. Students used non-verbal communication i.e smiley balls, hula hoops to connect with the children.

A total of 149 students from FYBCOM had attended the visit from which 74 were male participants and 75 female participants. Teachers in charge for the visit were Dr. Shilpa Malani, Dr. Nitinkumar Patil and Mrs. Megha V

ACTIVITY REPORT

Date: 23.02.2023

Date: 20th and 23rd February 2023
Activity: Counselling Session
Speaker: Miss. Pratyancha Padake
Venue: Classroom
Target Audience: F.Y.B. Com
Teacher-in-charge: Dr. Nitinkumar M. Patil

In view of addressing the post-pandemic behavioural issues among students like declining focus and loss of attentiveness, three separate counselling sessions for F.Y.B. Com Div. A, B and C were conducted on 20th and 23rd of February 2023 by Miss. Pratyancha Padake, Counsellor, The S. I, A. College of Higher Education, Dombivli (E). The main aim of these sessions was to discuss with students about mental health and the importance of stress management.

The sessions for divisions A and C were conducted on 20th February at 9.20 am and 11.50 am respectively. While the session was conducted on 23rd February at 9.20 am for division B. In the beginning, miss Pratyancha conveyed the importance and need for student counselling. She insisted students for sharing their experiences on curricular and co-curricular activities being conducted in the college. It helped her in building a rapport with the students. After getting replies from students, she discussed the importance of mental health and stress management in student life. Followed by this, she gave some guidelines for personality development with the enhancement of the knowledge-acquiring capacity of the students. These include,

1. Students should share their views, ideas and problems with their friends, seniors and family members.
2. Students should develop reading habits.
3. Every student should use the tool of SWOT analysis to understand himself.
4. Students should set a goal and take efforts to achieve it.
5. Students should be clear about the difference between hard work and smart work.

Self-respect, physical exercise, eating nutritious food, avoiding addiction, taking enough sleep, surrounding oneself by good people, and maintaining positive attitude are some of the measures madam suggested for the enhancement of mental health and reducing stress levels among students. The students were also advised on how to cope with different situations they tend to face in their college life. The counselling session was followed by a question-answer session. This activity will definitely prove to be beneficial for strengthening student's efficiency and improving their mental health. In all 129 (54 Male and 75 Female) students were counselled in the activity.

Report on visit to Bombay High Court

Date : 1-4-2023

The SIA College of Higher Education Dombivli East, Departments of Bachelor of Commerce (B.Com) and Management Studies (B.M.S.) organised a study tour visit to Bombay High Court on Friday, 31st March 2023 as a part of their Foundation Couse. Objective of the visit was to create awareness about the functioning of Bombay High Court, experience live court proceedings, observe cases related to violation of human rights.

Students gathered in college at 7 am. After taking attendance bus started at 7.30 am from college. We reached High court at 9.45 am and after official formalities students entered high court premises. There was very tight security at the gate. Students first saw the live court proceedings at the court room from 11 am to 12 pm. Group of 17 students was formed and each group was allotted different court room.

In court room no 40 there an ongoing case of Sinhgad institute of Pune i.e. non-payment of capitation fees. There was a pin drop silence in the court room. The lawyers and the judges were the only ones speaking that too in a very polite manner.

After experiencing the court proceedings, students explored the museum that is inside the Bombay High Court. At museum they discovered the history of Bombay, which was earlier a land of seven islands, how it was given to the Britishers by the Portuguese, when it was formed, and Barrister degree certificate of many renowned persons like Dr. Baba Saheb Ambedkar and Mahatma Gandhi were preserved. Judgement of Britishers judges were kept in the museum. Everything had a very British feel attached to it- the wooden chairs, tables, a feather ink pen and a vintage typewriter, 'Mignon 1905'. To top it off, we found a British advocate's gown, wig and box displayed safely inside a glass door.

Outcome:

Students observed the working of Advocates, nature of duties of judicial officers during the live court proceedings, beautiful carvings of high court and the history of Bombay. Students got a practical exposure of Indian judiciary system.
