Industrial Visit 2018-19

The Industrial Visit plays an important role in familiarizing students with the working and practices in the factories and organisations. It also provides a break from the usual lecture-classroom mode of learning. In the academic year 2018-19, 150 students of third year and second year classes from our college visited Rajasthan. The industrial visit was from 25th February, 2019 to 4th March, 2019.

On 25th February, 2019 we left for Jodhpur, Rajasthan by train. The first two days, students stayed in Jaisalmer, a city rich in history and heritage. They got familiarized with the colorful and vibrant Rajasthani culture as we visited the 'Jaisalmer living fort', Gadisar lake, and the historic Kuldhara village. The students enjoyed the local attractions, namely, camel rides, jeep safari rides, and folk musical performance by the local artists.

On 1st March, 2019, students visited the famed Jodhpur palace. The next day, as part of the industrial visit, students visited Kansara Bearings Limited and Kansara Modler Limited, an Indo-German joint venture. The supervisor explained the students about the various processes involved in manufacturing 'Rollers' – a component used in automobile manufacturing. Later the students were shown around the factory.

Later the students visited, Saras Diary in Bhilwara , Rajasthan where they learnt about industrial processing and packaging of milk. We returned to Mumbai on 4th March, 2019.
