UNITY IN DIVERSITY

FROM PRINCIPAL'S DESK

Unity in Diversity" is a phrase implying unity among people with diverse cultural, religious and other demographic differences. This phrase dates back to ancient times and has since been used by various political and social groups to demonstrate unity among different individuals or community. People of varying cultures, religious beliefs and social status, living together in peace and harmony is a perfect example of "Unity in Diversity".

India is a land of diversities, be it religion, caste, race, culture or language, there are several diversities in the country. There are around 29 states and each state has its own culture, tradition and language. More than 30 grand festivals of different communities are celebrated every year in the country. Around thousand languages and dialects are spoken across the country.

Though the people belong to diverse culture and communities they share the bond of humanity, love and respect and are tied with a single string of nationalism.

The difference in culture, customs, festivals, music and dance makes the country a land of vibrancy and makes India an incredible country in the world.

Dr. Padmaja Arvind
Principal & Chairperson

CONVENOR'S NOTE

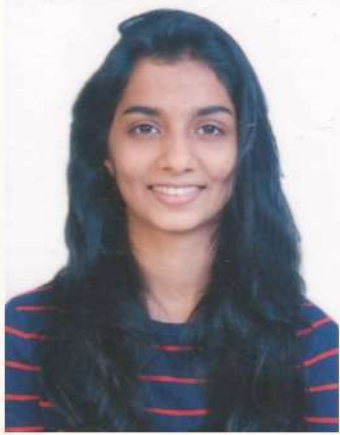

The college magazine 'Ratnottama' is an annual publication which puts together the creative efforts of our college students. The Magazine is a platform for the students to express their writing skill, poetic imagination and artistic flair. It is a channel for propagating and sharing thoughts, ideas and opinions.

The essential purpose of this magazine is to inform, engage, inspire and entertain diverse readership by presenting timely and honest portrait of our college, its history, its mission and its vision, its people, its programmes and its challenges. While the ultimate purpose is to engage and strengthen its readers association with college, the institution recognizes that it can do so effectively only by earning and retaining the respect and faith of its readers. The theme for this year is "Unity in Diversity"

I sincerely thank the students who have unfailingly risen to the challenges and produced writings that made us proud.

Ms. Salochna Nagdev
Convenor

STUDENT EDITOR'S NOTE

It gives us immense pleasure to work for the institution whenever we get a chance to show our creativity. I got the opportunity to work as the student editor for the magazine of our college this year and I am more than thankful for this opportunity.

Magazine is the medium to provide knowledge, different point of views, different perspectives about the theme. Every year the college magazine gets a positive response from all the students of the college and we get various articles in various languages for the magazine.

The theme for this year is "Unity in Diversity". Diversity is a permanent human condition and it can be traced back to the ancient times. 'Unity in Diversity' explains the importance of being in harmony as one single unit irrespective of the various differences.

It was a great experience being the editor of the magazine this year. My Magazine Crew has been a constant support to me and this edition of magazine was successful only because of their support and our united hard work. I hope our efforts to make this magazine successful are appreciated and liked by everyone.

Thank You!

A DECADE OF UNITY AND DIVERSITY

Unity in diversity is a concept of "unity without uniformity and diversity without fragmentation" that shifts focus from unity based on a mere tolerance of physical, cultural, linguistic, social, religious, political, ideological and/or psychological differences towards a more complex unity based on an understanding that difference enriches human interactions.

This is my experience.

The 28 states and 9 Union territories.

The spoken 22 major languages and written languages in 13 different scripts, with over 720 dialects.

Various cuisines, lots of festivals & the Tricolour Flag are the diversity in our country and only one thing unit us that is **India**. Our patriotism and belief on our culture **Vasudeva Kutumbakam** which means whole world is one family.

Diversity brings out the best version of ourselves. We not only go close to our roots but we embrace them, we do our best. Just like in Olympics every person wants to represents their best version of their country.

Diversity is fun trying cuisines, celebrating different festivals, getting to know different customs is fun. If you would mark on a calendar every festival and every important day and occasions of every culture in the world, every day of the calendar would call for celebration.

Diversity in accomplishing goals. There are divers individual working in the same organisation towards the common goal and to basic human tendency to be recognised, boost us to be more creative and gives us a new perspective to the things around us.

Like in our college there are diverse personalities working towards the common goal. The Management of our college, Principal Ma'am, Teaching and Non-teaching staff, Office staff working towards the goal of providing the best academic facilities to student and enlightening their life.

From B.Com, B.M.S., B&I. to B.M.M.

From Student Council, NSS, Marathi Vangmay Mandal to Riddler's club.

From Ganesh Utsav to Garba Raas to Days Celebration.

From Sparklers, Dazzlers to every Inter-college event organised or participated by our students.

This is The Journey of Our College.

In spite of all the extra curriculum maintaining the academic stability and interest in the students is **the culture of our college**.

A decade of Strong Will and Implacable Hard work of every individual in our institution, has carved our temple of education. An institution which has intellectual diverse personalities running towards a common goal which has created an amazing result and will do wonders. Which makes My college... OUR college a wonderful example of Unity in diversity.

UNITY IS EVERYWHERE !

Unity in Diversity is an integral part of ethics and morality. The concept is certainly essential for the future progress of human society. People must display faith in this concept. Above all, they must keep aside feelings of racism, discrimination, and oppression.

FOR ME INDIA IS "LAND OF UNITY IN DIVERSITY" BECAUSE;

- 1} India consists of various religion people and all of them live together happily in the land of India.
- 2} India has different languages, dresses, food but still the Indians live united.
- 3} During the time of natural calamities such as floods, earthquake - people always remain together and help each other.
- 4} Indian people achieved freedom in 1947 only because of their unity. Though they were from different religions, freedom struggle united everyone to act without any discrimination.
- 5} Unity in Diversity certainly enhances the quality of teamwork. This is because Unity in Diversity causes the development of trust and bonding among people. This ultimately results in significantly increasing the rate of completion of projects.

For example

Ganesh Chaturthi visarjan in Mumbai, when Lalbaugcha Raja moves through Chishti Hindustani masjid at Doo Tanki road in Byculla, we see a unity of Hindu stop playing music of joy & Muslim offer them water & snacks to reach till destination.

A SPLASH OF COLOURS

Indians are a splendoured lot, like the peacocks feather. The idea of India that we all know and believe exists, and would like to celebrate, is actually the crucible called India that holds all of us together. Our regional accents won't drop easily, even with global education. We speak many different dialects of English. There is an old joke of an Indian who went abroad and asked for 'shaarts'. The shop lady asked if he was Punjabi or Bengali so that she could accordingly show him 'shirts or 'shorts'! India is an amazing crucible, because it provides enough space to rub shoulders proximity for us to get to know each other and borrow from each other. The crucible holds so many communities, culture clusters, ethnicities, etc., each with its own myriad peculiarities. Take the example of draping the sari! It is so mind boggling, and like nowhere else in the world.

Are we a sign of our backwardness? On the contrary, the only way Unity can be had with harmony is to rejoice and celebrate our myriad different identities. The theme is validation, not invalidation of each. Celebrating our varied communities and cultures will lead to less territorial conflict and hopefully lessen intolerance. Because we are Indians, though we are totally different from each other.

INDIA AND ITS UNITY

India, a country with great diversity,
but still progressing & marching ahead;
is a great tribute to unity in diversity,
that for whole the world we lead.
A subtle but strong thread of unity
has been running through India's life.
It is woven with love, peace and harmony
not with stress, revenge or strife.
At times this broad cultural unity
did suffer serious upheavals & down,
yet it is advancing & never ceased to exist
as diversity has always been its crown.
There is verily concord of religions,
that are entrusted to us by God.
As all of them teach similar doctrines
of keeping yourself away from odd.
The most powerful force that binds us
is our deep interest to the fine arts.
A spirit of real brotherhood in it
is behind the harmony between hearts.
A national study of linguistic situation
reveals blood relationships in our languages.
It's awesome as 18 major and 844 dialects
are spoken here that is on pages.
We should always live free from
parochial thinking or religious bias.
Because every religious consideration &
religious policy is undoubtedly pious.
The removal of untouchability,
solutions of unemployment and poverty
along with eradication of social evils
deserve to be given top priority.
The measures to protect monuments &
to promote ancient literature and art
that constitute our cultural heritage,
will also speed up our harmony cart.
It is desirable to show respect for
justified elements & disroot the witty.
As this is the best way to promote
harmonious unity in diversity.

THE EAGLE - INSPIRATION

Spreading its wings of freedom,
Off it lifts itself from usual boredom
Flying above the clouds, cheating rain,
Watching from far, it's immune to pain

The mighty Eagle, teaches one to be ready to fly,
Soar above your worries, don't just sit and cry
Watching the world from far above,
Beauty and opportunity will you find now
Stretch your arms, and be ready for a flight,
Then you see, there is nothing that can fright
An Eagle, with its mighty wingspan is a beauty,
Teaching you, never yourself should you pity

Spreading its wings towards freedom,
Off you go from your routine tantrum
Flying well above the clouds, basking in sun,
Life is not to regret, but there is so much fun.

-Sujith Ramam

THE TEACHER

There is a teacher inside everyone,
Always teaching something to someone
Everyone has the power to inspire others,
To help them out from what bothers
Every day we meet with people who teach us,
Some lessons, some thoughts, sharing thus
You never know when people learn from you,
For they might be watching you, what you do
Happy teacher's day to the teacher inside you,
For the way you teach, no one else can do.

-Sujith Raman

UNITED WE STAND

India is a well-known country of oldest civilization in the world where people of many ethnic groups live together for years. India is a country of diverse civilization where people used of using almost 1650 spoken languages and dialects according to their religion and choice. In spite of being related from different cultures, traditions, religions and languages; people here respect each other and live together with lots of love and feeling of brotherhood.

People living here and there all over the Indian land are joined together by one faith of brotherhood. Unity in Diversity has been one of the great characteristic of our nation which has bind people of all religions together in one bond of humanity.

We can never forget the freedom movements run by the people of all religions of India to make India an independent country. The struggle for freedom is the great example of unity in diversity in India. Unity in diversity concept in India gives everyone a strong message that nothing is without unity. Living together with love and harmony provides the real essence of life. Unity in diversity in India shows us that we all are born, cared and nourished by one Supreme God.

Conclusion:

Unity is important because it is the will of God, god like Jesus died for it, and it will help the religious places to have a positive influence on the world. People in India are the ones who believe in god and get influenced by these religious places. Unfortunately, many people have tried and failed to bring about unity. While we don't plan to change the world in a day, we can change how we view and treat our fellow believers. If we adopt the right attitude, the rest will follow. With the right mind set and adopting these unifying qualities, we will have the tools needed to create an environment of love and fellowship.

UNITY IN DIVERSITY

Unity implies one-ness or a sense of we ness, meaning integration wherein hitherto divisive people and culture are synthesized into a united whole, along with higher levels of cooperation, mutual understanding, shared values, and common identity and above all national consciousness. It holds tightly together the various relationships of ethnic groups or institutions in a dovetailed manner through the bonds of contrived structures, norms and values.

It has also been described as a social psychological condition. However, unity does not mean uniformity which implies similarity. Unity may be born out of similarities. Though diversity, in and of itself, has not been subject to the same scrutiny and debate as the concept of nation, since it has been used primarily as a descriptive term, discussions about non homogeneity almost inevitably extend beyond the merely observational into the discourses of ethics and politics.

In this conclusion, I have chosen to briefly discuss diversity, rather than any of its attendant, more ideologically loaded, terms—such as multiculturalism, hybridity, and marginality, for instance in order to signal my desire to distance myself from the established schools of thought on the value of, and the required response to, diversity, all of which point to specifically Western social problems. Furthermore, as the range of potential sources of exclusion from the nation covered in this book indicates, I do not wish to privilege any one source of difference. Also, while focusing on the specificities of the Indian situation, I contend that conclusions drawn from the Indian experience may have bearing elsewhere and necessarily constitute a significant contribution to the global discussion on diversity.

DIFFERENCES WON'T MATTER

I was playing hide and seek with my sister behind an old house in our neighbourhood. I finished counting and went inside the house to look for her. After looking at the most obvious places, I decided to have one last look in the hall. My eyes drifted towards a mirror. My eyes shot up in disbelief when I saw that my sister was not behind the mirror but inside it! After having watched millions of fantasy films, it seemed like I would be the protagonist in one myself. "Sara, wait up I'm coming", I screamed, waving both my hands. Without wasting even a millisecond, I dived into the mirror. I found a tunnel inside it. After a journey that seemed like eternity, I landed out with a slight thud. What my eyes beheld there was nothing short of bedazzlement. There was an entire world in the mirror. There were strange creatures everywhere. I saw a dog and an elf. The dog was panting with thirst and the elf was draped in layers of cloth. The dog had a bone in its mouth while the elf looked a pure vegan with vegetables on its plate. Everything about them was as different as different could be. I saw the two of them lying next to each other, looking completely peaceful and happy. I suddenly felt my body shaking. I was out of the mirror within a millisecond. I saw Sara next to me. We both held hands and walked home, too shaken up to say anything. Now, looking back at the incident, I realize how beautiful the world in the mirror was. Each creature was different from its contemporary from cuisine to looks to the way each dressed. Yet all of them lived so peacefully and contentedly. The world in the mirror represented a world full of diversities and possibilities. Our world too can be as beautiful as the one in the mirror if only we open our minds and hearts and accept differences wholeheartedly. We can make the world a much better, happier and safer place by realizing that each of us is one of a kind, specially created and specially designed.

The core of Unity in Vedas

Let us all grow together, enjoy together,
Let us perform heroic deeds by working together
Let us live without any conflict.
The Vedas echoed the same sentiment in the following verse.
"Sahana -vavathu,
Sahanau Bhunakthu,
Sahaveeryam Karavavahai,
Tejaswi Navadheethamasthu Ma Vidhvisavahai"
This togetherness made India a land of sacrifice, land of spirituality and a land of purity.

अनेकता मध्येच एकता आहे

धर्म पंत जात या मध्ये होणारा भेद हा वर्षानुवर्ष आपल्या भारतात चालत आला आहे ... वडिलोपार्जित वारसा आपण जपतो तश्याच काही प्रकारे आपण ह्या गोष्टी पण पुढे नेत आलो आहोत.... पूर्वीच्या काळी गावाचा सरपंच पाटील ह्यांची गरिबांवर हुकूमशाही ते जसे म्हणतील तसं वागायचं आणि करायचं हे काही मी फार पूर्वीच अस काही नाही सांगते हा अगदी 40 वर्षा पूर्वीची गोष्ट म्हणालात तरी चालेलपण त्यात बदल झाला तो कोणामुळे कोना एका पुढाकारान्या मूळेकी त्याला पाठिंबा देणाऱ्या समर्थकांमुळे.... आपले समाजसुधारक , विचारवंत हे अर्थातच थोर , त्यांच्या पुढाकारा शिवाय आणि त्यांनी केलेल्या जण जागृती शिवाय आपल्या समाजात इतका अमुलाग्र बदल घडून येणे हे कदाचित अशक्य होते... परंतु जर आपल्या अविकसित सामाजिक घटक एकत्र आलेच नसते त्यांनी आपल्या विचारवंतांना पाठिंबा दिलाच नसता तर?

सांगायचा उद्देश काय की सगळे एकत्र आले म्हणून तर या समाजात एवढा बदल आपले विचारवंत आणि समाजसुधारक घडवून आणू शकले ना!

लहान पणा पासूनच आपण आपल्या आजी आजोबांकडे आपल्यामधील एकता या वर बऱ्याच गोष्टी ऐकत असतो सगळ्यात जास्त सांगण्यात येणार उधाहरण म्हणजे एक लाकडाची कडी आपण आरामात तोडू शकतो पण तेच एका सोबत 10 काड्या जरी घेतल्या तरी ते तोडणं हे कठीणच आपल्या बरंच बांधवानी हीच गोष्ट गाठीशी बांधून बऱ्याच संकटाना तोंड दिलाय आणि त्यावर मात केलय महात्मा गांधींनी संपूर्ण जणसागर एकत्र केला आणि इंग्रजांना पळवून लावले..... आपल्या भारतात अनेकता मध्ये एकता याचे बरेच उदाहरण आपण पाहू शकतो

फार दूर कशाला जातायत आपल्या महाराष्ट्रात सध्या मुख्यमंत्री कोण हे सुद्धा ठरत नाये त्याचे कारण आपल्या सगळ्यांना माहीतच आहे , आज काही मित्रपक्ष वेगळे झाले आणि काही विरोधी पक्ष एकत्र आले म्हणून अनपेक्षित अस काही आपल्या महाराष्ट्रातमध्ये आज घडतंय... एवढ्या मोठ्या पातळीच सोडा ओ आज जर आपल्याला कोणता उपक्रम राबवायचा असेल तरी एकट्याने ते करण्या पेक्षा जर तुमचा मित्र परिवार एकत्र येऊन तो करत असाल तर तो उपक्रम चांगल्या प्रकारे पार पडतो.... आपण कितीही स्वतंत्र विचारांचे असलो तरी आपण एक समाजाचे घटक आहोत हे सत्य आपण फेटाळू शकत नाही. आपला इतिहासया गोष्टींचा साक्षिदार आहे जेव्हा जेव्हा आपले वेगवेगळ्या राज्याचे राजे वेगळे झाले तेव्हा शत्रूंनी त्यांच्यावर मात केली ... महाराष्ट्राचे दैवत छत्रपती शिवाजी महाराज ह्यांच्या प्रत्येक वाक्यात त्यांच्यावर जीव ओवाळून टाकणाऱ्या मावळ्यांचा उल्लेख असायचा त्यांनी मावळ्यांना एकत्र केले आणि आपले स्वराज्य मिळवले..... वेळ काळ कोणताही असो जर आपण एकत्र असलो तर कोणतीही गोष्ट ही कठीण नसते.....

"म्हणूनच येणाऱ्या प्रत्येक काळाने, घडणाऱ्या प्रत्येक घटनेने आपल्याला हेच शिकवले आहे की"

BE LIKE A BIRD

Be like bird soaring in open sky,
Clear and open, around with no lie
Feel the wind on your wings and feather,
Enjoy the warm sun and rainy weather
Enjoy the beauty from above, flying high
Don't get down, or you may feel to sigh
As someone can hurt you or put you in cage,
And you will bonded, though you may rage
World is mean with people so greedy,
They won't like you free with your beauty
With their thoughts and rules,
They will cage you and make you fool
Shackle of thoughts, will stop you from flying,
With those bondages, you may feel dying
Be just like a free bird and soar in open sky
Just chase your dreams and just fly high.

THE TEACHER

There is a teacher inside everyone,
Always teaching something to someone
Everyone has the power to inspire others,
To help them out from what bothers
Every day we meet with people who teach us,
Some lessons, some thoughts, sharing thus
You never know when people learn from you,
For they might be watching you, what you do
Happy teacher's day to the teacher inside you,
For the way you teach, no one else can do.

एकता

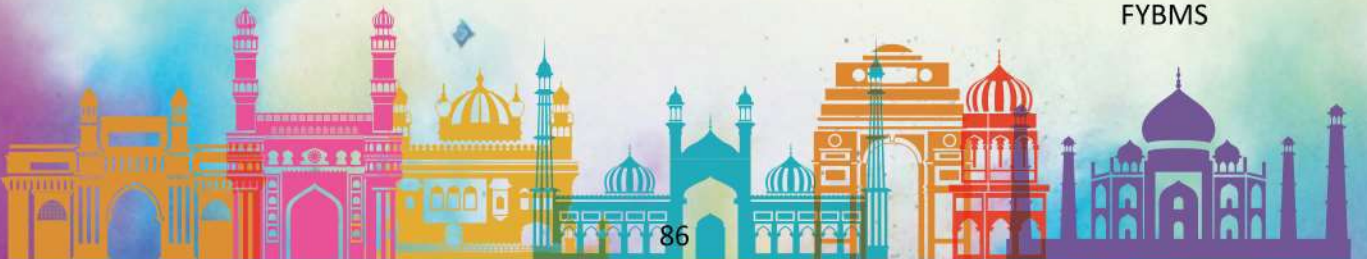

हिन्दू, मुस्लिम, इसाई है सबके बाद
सबसे पहले एक ही भारत है हमारी जात
नहीं है पांचों उंगलियां समान
पर करे सभी मिलकर काम
यही हैं हमारी पहचान!
भारत की है नाना भाषाएं
नाना रूप और रंग
अलग अलग है वेश भूषा
अलग रेहेन सेहेन
रीति रिवाज अलग अलग है
परंपराएं अनेक
त्योहारों की भरमार यहां
पर सत्य कसौटी एक
मिलकर तिरंगा लहराएं महान
यही है हमारी पहचान!
विभिन्नता में एकता की शान
खोलकर सुनो सभी अपने कान
भारत है हमारी जान
यही है हमारी पहचान!

भारत माता की बगिया

भारत माता की बगिया में,
नये नये फिर फूल खिलायें
मधुर सुगंध बहा कर इनकी,
सारा जग फिर से महकायें
अपने घर के सारे झगड़े,
आपस में मिल कर सुलझायें
शक्ति एकता में कितनी है,
यह रहस्य सबको समझायें
सत्य न्याय के पाठ पर चलना,
निज जीवन आदर्श बनायें
जीवन संघर्षों से लड़ना,
जन जन को फिर से सिखलायें
ज्ञानदीप की ज्योति जला कर,
एक नया विश्वास जगायें
मानव में फिर मानवता भर,
मानव को आदर्श बनायें
हिंदू, मुस्लिम, सिख, ईसाई,
सब भाई भाई बन जायें
अपने अपने भेद भूला कर,
आओ मिल कर देश बनायें
