~~Love~~  ~~Good~~

Q Take any 2 products and explain its 4p's.

: One of the fundamental concepts in marketing management. For attracting consumers & for sales promotion, every manufacturer has to concentrate on four basic elements

- a) Product
- b) Price
- c) Place
- d) Promotion

So for my assignment I have chosen two products.

a) Samsung

b) Ola

a) Samsung

• About

Samsung is a South Korean Company founded by Byung-Chull Lee in 1938. The company started as a trading company and gradually became a multinational conglomerate

through many acquisitions & mergers. Samsung Electronics Industry Co Ltd was established in 1969. Samsung has more than 200 subsidiaries across the world. The brand's vision is to be in the global top 5 by 2020 and it believes that value creation and innovation will lead it to the top. The company also inspires to be in the top 10 world's best workplaces. The company offers Mobile devices, Televisions, Home Appliances to the consumers.

• LOGO :

- 4p's

- \* Product

Samsung invests a lot in research & development to deliver the best products to its customers. Samsung offers a wide range of product categories. The diverse offerings come under the products of Samsung marketing mix. The products can be classified into five categories and they are

#### Mobile devices

Smartphones like Samsung Galaxy series, Tablets, Wearables, Other Phones, Accessories

#### Samsung Home Appliances

Refrigerators, Washing Machine, Cooking appliances, Air conditioners, Vacuum cleaners

#### TV/AV

Samsung Television, Audio & Video, Accessories

#### Information Technology

Printers & Multifunction, Monitors

#### Memory / Storage

SSD, Portable SSD, USB Flash drives

## \* Price

Samsung is a market leader in smart phones and is a dominant player in market for home appliances. It uses two pricing schemes which are

### Skimming Price

Samsung uses skimming price policy. For instance, when Samsung launches new products with different variants of storage capacity, it prices the product higher. But when other competitors launch a smartphone, Samsung lowers the price & easily prevents the reduction of its market share due to the launch of the competitor.

### Competitive Pricing

This pricing strategy is a part of Samsung launching new products with different variants of storage capacity. Samsung is a trustworthy brand, but in the 'home appliances' product - category, it hasn't surpassed LG yet. To prevent the Flanking attacks from its competitors in the market it's essential for Samsung to use competitive pricing. Also, Samsung is not a first mover in these product categories and thus it has to defend its position in the market. All these help in understanding the pricing strategy in the Samsung marketing mix.

### \* Place

Samsung sells directly to the retailers & service dealers. And due to this strategy, only service dealers are responsible for the corporate sales. Retailers dealing in technology generally have to include Samsung in their offerings, because of the brand being world famous. The distribution is the strength for Samsung. Samsung also distributes its products using a single distribution company in a particular location that further distributes the products to other locations.

## \* Promotion

Promotion is a strong pillar in the marketing mix of the company. Samsung believes that advertising is the best form of promotion to engage potential consumers & position the brand. Samsung promotes new products using news-papers & digital media. To take the advantage of the huge number of followers of celebrities, the brand has invited many celebrities to be the brand ambassadors & promote the product. Big placards, hoarding & posters are put up on highways.

Besides advertising, Samsung also uses different promotional tactics to make customers buy the product. Samsung is mostly famous for its product quality & user experience but Samsung is also known for being a giant in sponsoring events. Samsung also sponsors major events. Samsung offers heavy discounts during national festivals.

This concludes the Samsung marketing mix analysis

— X —

## 8] Ola

### • About

Ola Cabs is a private company of Indian origins. Ola is a trade name & operates under its parent company ANI Technologies Private Ltd. It is associated with logistics & technology industry as it deals with transport facilities. Ola Cabs has founded in the year 2010, 3<sup>rd</sup> Dec by its co-founder Ankit Bhati & Bhavesh Aggarwal, when he experienced the deep rooted problem in India quality cab service & professionalism of the cab drivers. The company has taken help of latest technology to bring forth a fast & efficient service for hiring cabs. The brand has received series of funding from angel investors & companies like Softbank, Tekne Capital, Vanguard, Baillie Gifford & Yes Bank. Spurred with the growth in the demand.

• Logo :

\* Product

Ola Cabs is a mobile app used as a service provider for personal transportation. Its fleet includes Auto, Bike, Cabs, Shuttles, SUVs vehicle & offers different types of cab service that have a diversified range from luxury to economic like

Ola micro

Ola mini

Ola prime

Ola SUV

Ola Outstation

Ola luxury

Ola share

Ola bike

Ola rental

### \* Price

Ola Cabs offers rides in a comfortable setting with furnished & air-conditioned cabs. It offers to price flexibility with its range of vehicles that includes economic-range, mid-range & high-range as with, Base Fare of Rs. 35 & Rs. 10 per km, 12 km, 15 km as per the range & adopted a penetration policy and has kept its price range reasonable so as to gain a competitive advantage over rival companies.

### \* Place

Ola Cabs is a company dealing via an online network. Cabs can be easily reserved through its own website & via Ola mobile app that can be downloaded from The App Store & Google Play Store. Company is operating its business from urban & metro cities with more than 2,00,000 vehicles in nearly one hundred two tier, three tier & metro cities like Kolkata, New Delhi, Chennai, Bengaluru, Hyderabad & Mumbai.

## \* Promotion

It has adopted an extensive marketing policy to create high & positive brand awareness amongst consumers. The company has taken help of every available medium like digital & print via SMS on mobiles, magazines, newspapers & billboards. It has also used social media platforms to garner maximum coverage via Blogs & Posts. They also sponsor event time to time to create a brand image in a consumer mind & offers incentives like free rides, 50% discounted rides, rupees 50 off, first ride free for new members & promo codes to increase its customer base, referrals programs to earn free ride & Ola cash in their account.

**One Way Trips from Mumbai  
on Ola Outstation**

This conclude the Ola marketing mix.

# Assignment - 1

NAME : Meena · Naveesh · Mawriya

Roll No. : BF22032

CLASS : FYBBI

SUB : Organisational Behaviour

TOPIC : Theory of Motivation

Q1) Maslow's Need Hierarchy Theory of Motivation

→ \* Introduction :-

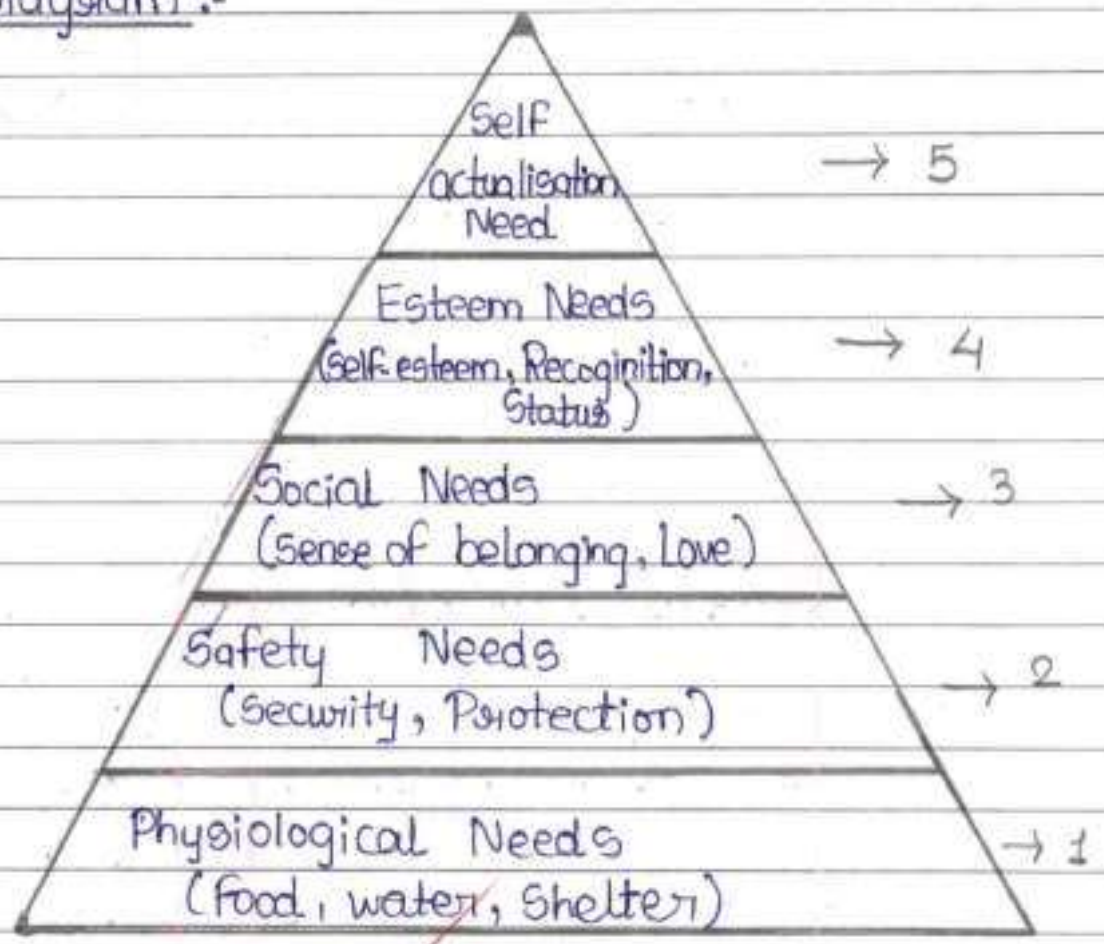

Abraham Harold Maslow was an American psychologist who is best known for his Need Hierarchy Theory of motivation. In 1943, Abraham Maslow propounded that people are motivated by five basic needs, which he called the hierarchy of needs. These needs he compared to a pyramid, which has primary needs at the base and which are universal, rising in step to the highest need, which is the least felt need.

Human behaviour is goal-directed. Motivation causes goal-directed behaviour. It through motivation that needs can be handled and tackled purposely. This can be understood by understanding the hierarchy of needs by manager. The needs of individual serve as a driving force in human behaviour. Therefore, a manager must understand the

"Hierarchy of Needs"

\* Diagram :-

\* Explanation :-

- a). Physiological Needs : Physiological needs include the basic needs of food, clothing, shelter, water, rest, etc. These needs are universal and must be satisfied in order to motivate the workers to work.
- b). Safety and Security Needs : After physiological needs, safety / security needs become prominent. Safety needs include job security,

pension plans, insurance plans, provident funds, gratuity, medical grants and other social security measures.

- c). **Social Needs** : Social Needs include friendship, belongingness, affection, social acceptance, etc. These needs can be fulfilled by having formal or informal work groups, company sponsored activities, social and cultural programmes, etc.
- d). **Esteem Needs** : Self-esteem needs includes the need for self-confidence, self-respect, achievements and independence. These needs can be satisfied by having status, power, goodwill and recognition in the form of awards and promotion.
- e). **Self-actualisation Needs** : Maslow calls this as achieving one's highest potential or to be what one wants to be. It can be satisfied by assigning challenging tasks or offering new avenues of growth and self-development to the employees.

### \* Criticisms of the Theory

- a). Maslow's assumptions of 'need hierarchy' does not hold true because each person has plenty of needs to be satisfied, which may not, necessarily follow Maslow's needs hierarchy.
- b). There is a considerable disordering among the physiological needs, safety needs and esteem needs. For example : Many people do not care for

job security (security needs) but care for the social needs.

- c). There are several such examples where people have reached self-actualisation need without craving for the lower level needs. For example, Mahatma Gandhi never craved for lower needs but still could reach the highest need.
- d). Given Maslow's 'Need Hierarchy', human wants can never be satisfied. They keep on increasing which is beyond the capacity of the organisation to fulfil.
- e). There is lack of cause and effect relationship between the need and the behaviour.
- f). This is only an empirical theory, which has not been scientifically tested.
- g). "The theory failed to cover certain motivating factors like experience."

Q2) Frederick Herzberg's Two Factor Theory

→ \* Introduction:

Frederick Loring Herzberg was an American psychologist who became one of the most influential names in business management. He is most famous for introducing job enrichment and the Motivation - Hygiene theory. Two factor theory of Motivation was propounded by Frederick Herzberg and his associates conducted a research, which consisted

of an intensive analysis of the experience.

Fredrick Herzberg and feelings of two hundred engineers and accountants in (1923 - 2000) nine different companies in the Pittsburgh area, U.S.A. They undertook a structured interview in which these respondents were asked to describe a few previous job experiences in which they felt 'Exceptionally Good' or 'Exceptionally Bad' about their jobs. While concluding the information collected from the interview, Herzberg remarked that there are two categories of needs, essentially independent of each other, affecting the behaviour of the employees. He classified these needs as follows:

### \* Explanation :

ϕ. Maintenance or Hygiene factors : There are some job conditions, which operates primarily to dissatisfy the employees when such conditions are absent but their presence does not motivate them in a strong way. Such conditions were identified as maintenance or hygiene factors.

According to Herzberg, there are ten maintenance or hygiene factors. These factors do not motivate the employees at all but their absence cause dissatisfaction. They are as follows :

- Company policies and administration
- Technical supervision
- Interpersonal relationship with supervisors
- Interpersonal relationship with peers
- Interpersonal relationship with subordinates
- Salary
- Job security
- Personal life
- Working conditions
- Status

b) Motivational factors : There are some job conditions, which operate primarily to build a strong motivation and high job satisfaction but their absence severely proves strongly dissatisfying. Unlike hygiene factors, motivational factors have positive and long lasting, effect on the employees performance and are related to the work itself.

According to Herzberg, there are six motivational factors:

- Achievement, i.e., satisfaction derived from the work itself
- Recognition, i.e., recognition of achievements by the superiors
- Responsibility, i.e., giving more authority
- Opportunity for growth, i.e., assurance of upward associated with the performance
- Job itself, i.e., the job contents should be

challenging and satisfying enough to motivate a person.

- Advancements.

- \* Herzberg's contribution to management is the practical application of Maslow's theory of motivation.

- \* There is a high degree of correlation between the Maslow's model and the Herzberg's models.

- \* The Lower Level needs such as wages, working conditions, etc. are the maintenance factors while the higher level needs such as recognition, status and self-actualization, etc. are the motivating factors.

### Q3) Alderfer's ERG Theory

→ \* Introduction:

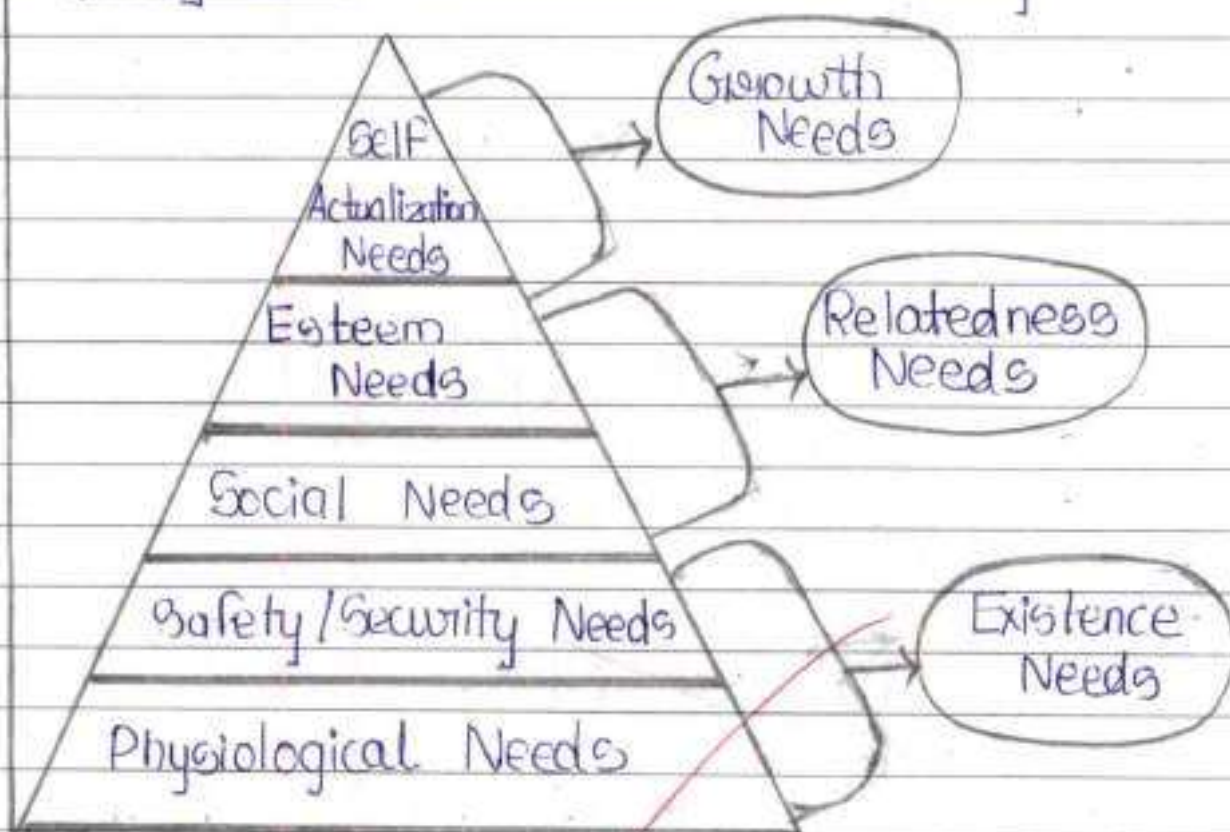

Clayton Paul Alderfer was an American psychologist and consultant. Alderfer reformulated the 'Maslow's Need Hierarchy Theory'. The ERG Need Theory developed by Alderfer, condenses the five needs given by Maslow into three needs. The ERG word is derived from the first letters of each of these levels of needs (Existence, Relatedness, and Growth).

a). Existence refers to our concern with basic material existence motivators.

- b). Relatedness refers to the need for maintaining interpersonal relationships.
- c). Growth refers to an intrinsic desire for personal development.

\* Diagram :- Alderfer's ERG Theory

\* Explanation :-

- a) Existence Needs : Existence needs correlate to Maslow's first two levels. This group of needs is concerned with providing the basic requirements for material existence, such as physiological and safety needs. In a work context, this need

is satisfied by money earned in a job for the purchase of food, shelter, clothing, etc.

b). Relatedness Needs : Relatedness needs correlate to Maslow's third and fourth levels. This group of needs focuses on the desire to establish and maintain interpersonal relationships with family, friends, co-workers and employers. This needs includes the need to interact with other people, receive public recognition and feel secure around people.

c). Growth Needs : Growth needs correlate to Maslow's fourth and fifth levels. These needs are about the fulfilment of desires to be creative, productive and to complete meaningful tasks in order to build and enhance a person's self-esteem through personal achievement. In a work context, a person's job, career or profession can provide a significant satisfaction of growth needs.

\* Differences :-

ERG theory has three key differences from Maslow's Theory as follows:

a). ERG theory suggests that people can be motivated by needs from more than one level at the same time. There is not necessarily a strict progression from one level to the next.

b) It acknowledges that the importance of needs varies from person to person and situation to situation. Some people might put a higher value on growth than relationships at certain stages of their lives.

c) It has a 'frustration-regression element'. This means that if needs remain unsatisfied at one of the higher levels, the person will become frustrated, and go back to pursuing lower level needs again.

### Q4) Douglas McGregor's Theory X and Theory Y.

→

Theory X	Theory Y
1. Workers dislike to work by themselves.	1. Workers feel that work is as natural as play.
2. Workers are not ready to accept responsibility.	2. Workers are ready to accept responsibility if proper motivation is available to them.
3. Workers prefer to be directed by others.	3. Workers are directed by themselves.

- |  |   |
|--|---|
| 4. Workers are unambitious.  | 4. Workers are ambitious  |
| 5. Workers by nature resist change and want security.                          | 5. Workers are ready to cope up with changes.   |
| 6. Workers Lack creativity and fail to solve organisational problems.          | 6. Workers have a high degree of creativity and succeed in solving organisational problems.                             |
| 7. Focus is on the Lower Level needs of workers i.e. physiological and safety  | 7. Focus is on both the Lower Level needs and higher Level needs of workers i.e. social, esteem and self actualisation. |
| 8. <del>Strict control is</del> necessary to achieve organisational objectives | 8. Workers exercise self-control & self-direction to achieve organisational objectives.                                 |
| 9. Authority is not delegated.   | 9. Authority is delegated.  |
| 10. Autocratic Leadership is followed.   | 10. Democratic Leadership is followed.  |

## Q5) Victor Vroom's Expectancy Theory

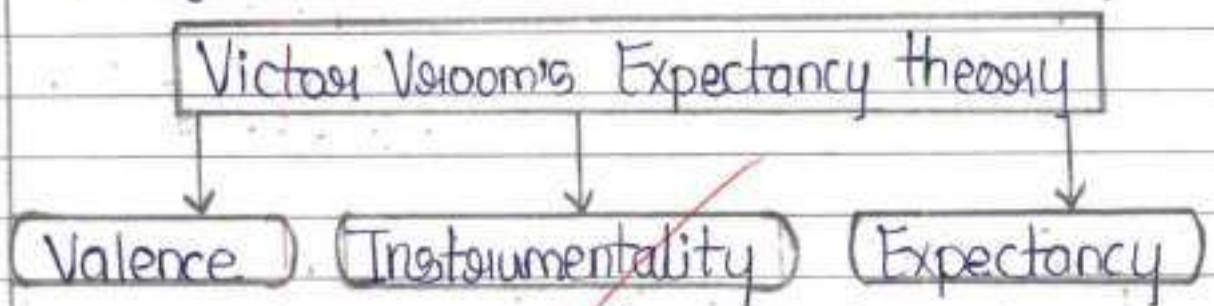

### → \* Introduction :

Victor Vroom's Expectancy theory assumes that behaviour results from conscious choices among alternatives whose purpose is to maximize pleasure and minimize pain.

- The key elements to this theory are referred to as following :-

- 1) Valence (V)
- 2) Instrumentality (I)
- 3) Expectancy (E)

### \* Diagram :-

### \* Explanation :-

#### a) Expectancy :-

- \* Expectancy refers to the belief that an effort will lead to completion of a task.

- \* The value of Expectancy varies between 0 to 1.

- \* If an employee sees no change that efforts

will lead to the desired performance, the expectancy is zero.

\* On the other hand if the employee is confident that the task will be completed, the expectancy has a value of 1.

• Expectancy - belief that one's effort will result in performance.

Low Probability  
that efforts will  
lead to performance

High Probability  
that efforts will  
lead to performance

Ex: Salesman feels  
that no matter how  
hard he tries he  
will not be able to  
attain the sales target.  
he will not put any  
efforts.

Ex: A salesman will  
work hard only if  
he feels that he  
will be able to  
attain the sales  
target.

b). Instrumentality :-

\* The Instrumentality refers to the belief that the first level outcome will lead to the second level outcome.

\* The value of Instrumentality varies from

- 0 to 1. If an employee sees that promotions are based on performance, instrumentality will be rated high.
- \* A low estimate of instrumentality will be made if the employee fails to see such linkage between performance and reward.
- Instrumentality - Performance - Reward Relationship.

0

Low Probability that performance will lead to reward

Ex: Salesman is not clear as to what determines a promotion then instrumentality is low - what will lead to promotion

+1

High Probability that performance will lead to reward

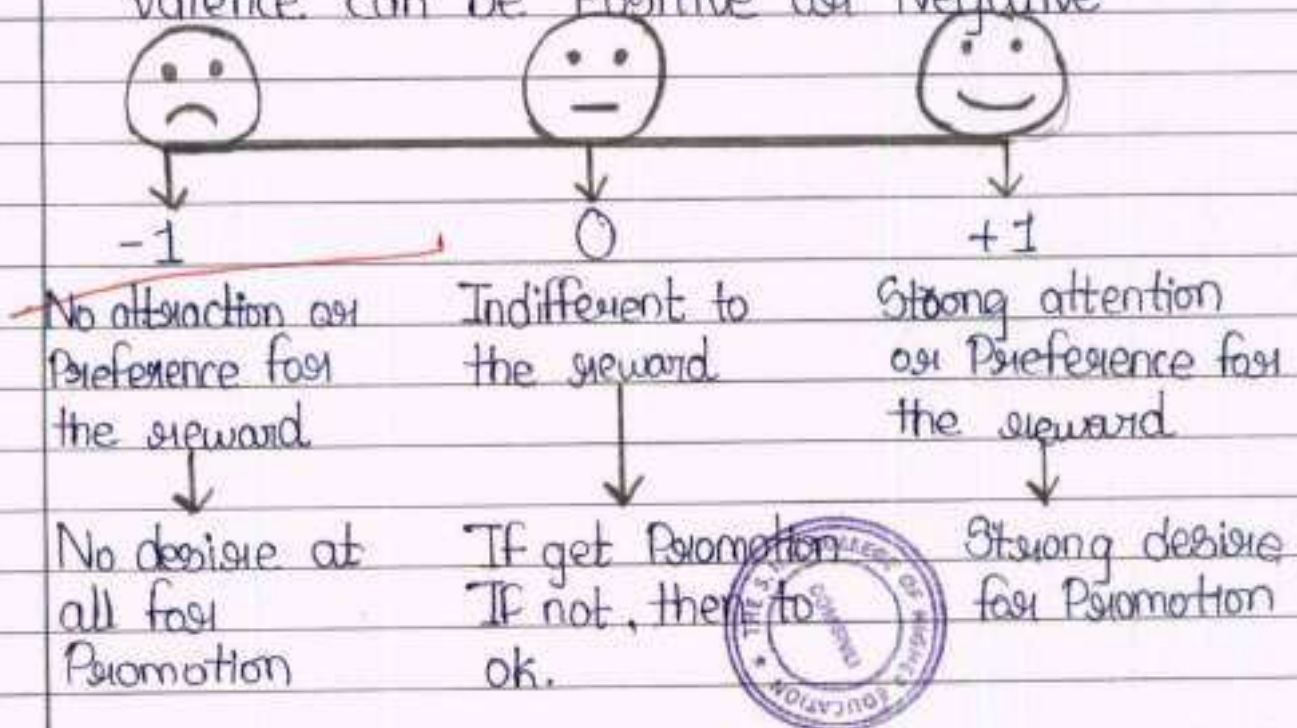

Ex: Salesman will work hard - effort will lead to attainment of target - lead to promotion.

c) Valence

- \* The term refers to the emotional orientation people hold with respect to outcomes (rewards).
- \* Valence may vary from -1 to +1.
- \* Valence is negative if the individual prefers not attaining an outcome compared with attaining it.
- \* Valence is zero if the individual is indifferent to the outcome.
- \* Valence is positive if the individual has the strong preference to the outcome.
- \* The Valence of the individual must be positive if motivation were to take place.

• Valence - Attractiveness of goal or outcome  
valence can be Positive or Negative

The South Indian Association's

# Orgo

We don't use and THROW, we use and GROW!

(A Public Awareness And Thought-Provoker Initiative by **Prajoth.R** and **Yash.B**, Class: TYBBI, Roll Nos: BF20029 and BF20006)

## INDEX: -

Sr. No.	Contents
1.	What we are & What we stand for.
2.	Objectives
3.	Marketing Strategy
4.	Target Audience
5.	Pricing Strategy / Price Band
6.	Product Differentiation
7.	Our Future
8.	The People's Choice
9.	Closing Remarks

### 1.) What We Are and What We Stand For: -

A recent initiative that was thought of just last week, and a thought that was in the works for some time now, Orgo represents the collective brainstorming of two people, Prajoth Rane and Yash Bhalerao, who belong to Third Year batch of BBI of the SIA College of Higher Education. (We are a for-profit initiative)

An idea that is at its infancy, though an idea that has unlimited potential, Orgo is a setup that aims to bring all the recent movement that is happening in the business world and on a larger note, geopolitics, namely being green energy, eco-friendly initiatives, Pradhan Mantri Yojanas (focused upon Reuse, Reduce and Recycle) that are issued in public interest by Ministry of New and Renewable Energy, Government of India (MNRE), ESG policies etc. and converge all these into some specific, niche products for the basic Indian market and an average Indian consumer, and for the betterment of mankind at large.

### 2.) Objectives: -

Our objectives are plain and simple and will mainly bank upon **Sustainability and Zero-Impact solutions**. We aim to align our vision with the grand vision of a **Atmanirbhar, Green and an ESG-compliant India** conjured up by our Hon'ble Prime Minister, Shri. Narendra Modi. To be specific, the current product line (which includes compostable, recyclable and plantable pencils, pens and penholders) will be primarily focusing upon the concept of lesser carbon footprints, lesser emissions (i.e., achieving Net Carbon Neutrality by 2070), and aiming to eventually reduce the usage of wood and plastic in our day-to-day lives.

Additionally, even the Govt. of India has taken due note of the changing circumstances in our world, and keeping in mind, the existing and ever-changing needs, demands, and wants of Indian public, have introduced some new policies in the Indian legislative regime.

To elaborate, India had presented the following five nectar elements (Panchamrit) of India's climate action at the **26th session of the Conference of the Parties (COP26)** to the United Nations Framework Convention on Climate Change (UNFCCC) held recently in Glasgow, United Kingdom in 2021, which were:

- **Reach 500 GW Non-fossil energy capacity by 2030.**
- **50 per cent of its energy requirements from renewable energy by 2030.**
- **Reduction of total projected carbon emissions by one billion tonnes from now to 2030.**
- **Reduction of the carbon intensity of the economy by 45 per cent by 2030, over 2005 levels.**
- **Achieving the target of net zero emissions by 2070.**

### 3.) Marketing Strategy: -

Our main marketing strategy shall be public broadcasting (i.e., on TV and other handheld devices) but it will also include strategies like influencer marketing (through use of YouTubers, Reelers, etc.), digital/online marketing (LinkedIn, Indeed, social media)

Later, we will also aim for sponsorships to industrial associations like FICCI, CII, ICC and professional associations like ICMAI, ICSI, ICAI, etc. and the various conventions, conferences, summits, etc. that they will hold. This is important as we believe these events will bring us the most revenue out of all strategies.

### 4.) Target Audience: -

Our product is an "impact product", meaning not only it will have utility and a use-case, but will also serve as a part of a two-pronged effort to spread awareness about certain initiatives, in this case, Going Green, sustainability and the negative consequences of non-biodegradable and non-recyclable products.

Our target market shall be therefore divided in 2 segments, which are: -

- **Segment 1: - Parents and their children**
- **Segment 2: - Industrial associations and bodies, corporate entities, professional bodies and the wider diaspora (stakeholders, society, etc.)**

### 5.) Pricing Strategy/Price Band: -

It shall depend upon how many pencils/pens are we packing in one box/carton.

- In this case, we have wrapped 2 plantable pencils and 3 plantable pens which may cost approx. **Rs. 10 per piece and Rs. 15 per piece respectively.** These prices are keeping in mind, the per unit cost incurred, competitive prices, and the cost of seeds.
- In case if a customer demands for a "combo", the price shall be approx. **Rs. 60 per unit,** taking into consideration, logistical, marketing, carrying, and production costs.
- In some cases, the customer is creative and likes to imprint his/her name upon the product, in which case, we offer the option of "customization", where the customer gets to emboss his name in any style, colour, and font and in any quirky and funky manner. Here, the price shall be a bit higher at approx. **Rs. 75 per unit,** taking into consideration, design costs and tertiary packaging (or special/gift package) costs.
- If the customer likes our penholders, it shall be available to him at price ranges anywhere from approx. **Rs. 65-90 per unit,** with option of personal customization.
- All in all, the average margins on each type of product lies somewhere between **20-30%.**

### 6.) Product Differentiation: -

Our product is different from other competitors, wherein we strive to provide the **best quality** products at competitive rates for consumers. Additionally, we provide the option of **unlimited customization** among the choice of variants which shall suit everyone's tastes, which apart from

SproutWorld, a competitor of ours, no one else provides. The one unique thing about our product though is how we are seeking to find true environmental-friendly and "Truly Zero-Impact" solutions for our customers, as we are actively looking for alternatives for lead pencils, plastic refills of pens, etc. This has led us to Charcoal, Ash as substitutes for lead pencils, and to look at Bamboo and Oak wood as alternatives for plastic refills.

Additionally, we also guarantee that whatever plastic we use is 100% recyclable.

7.) Our Future: -

We have a bright future ahead of us, as sooner or later, the world will be Going Green and will keep a keen eye towards corporates to be ESG-compliant and provide environmental-friendly, 100% vegan, and negative carbon footprint-based solutions. Additionally, this industry is also segmented and unorganized, which makes it easier for us to achieve fast growth and the opportunities to acquire several small vendors and unite them under one big roof, so that everyone gets benefited.

We have a lot of ideas and projects in the pipeline, which includes things like Bioplastic from seaweed, Face masks from algae, Eco-leather from shells, Undersea forests that suck up carbon emissions (using kelp, a form of seaweed, to cool down the oceans), Freshwater from seawater initiatives, donating for adequate green cover in India, collaborating with other corporates with similar objectives (like UltraChhata) to bring more consumer and eco-friendly products to the fore, and many such more exciting things.

8.) The People's Choice: -

Despite being a so-called "infant" in the corporate world, our company is a "first mover", meaning we are quick to adapt and adopt various practices and policies that are established by the government. We are extremely customer-friendly and demand total customer satisfaction, as we believe the customer is king and provide 100% moneyback guarantees if there is a product which doesn't suit a customer's taste. We have also thought of proper categorization of our website into "For Her" and "For Him" sections, which shall further help our customer select products which can suit their tastes. We shall provide a public forum on our website which is to act as a townhall for all customers to talk about their grievances, (if any, shall be redressed as soon as possible) and where the customers can freely talk about their experience, as we are a company who believes in absolute transparency and disclosure. We shall also provide a rating-based system on our website for the sake of our customers, as we believe in fair and just system of knowledge-sharing among customers. Our B2C capability shall help us reach our customers before time, with free shipping features included. Additionally, we have many interesting projects to yet be introduced, as aforementioned. Not to mention, all demands, ideas, and grievances pitched by stakeholders and employees shall be positively met and sufficiently heard, as we believe that in the stakeholder's growth, lies the company's growth.

9.) Closing Remarks: -

By planting a pencil or pen, you're growing more than a new plant, you're helping to grow a green mindset that challenges the norm and that looks at how things can be reused instead of thrown away. It is Orgo's guarantee that when you buy a plantable pencil, your pencil meets the highest standards of quality and is non-toxic and sustainably sourced and produced.

ALWAYS REMEMBER, GO CLEAN, GO GREEN WITH ORGO!

## Two Vegetable Shops

Two vendors opened their vegetable shops in a small town. One of the vegetable vendors used to grow most of the vegetables that he would sell in his shop. This vendor had his own limitations in growing different varieties of vegetables in his farm. Naturally, he was not in a position to offer all varieties of vegetables that people in the town would love to buy. However, he always used to keep farm-fresh vegetables in his shop. The other vendor always used to get his vegetables from another nearby town and sell them in this town. He used to keep many varieties in his shop. However, the vegetables never used to be as fresh as they were in the first shop. People of the town started visiting both the shops and used to buy vegetables from them. Once, a person rushed to the nearby vegetable shop to buy a particular vegetable. The same was not available there. He next went to the other shop to check whether the vegetable that he wanted to buy for the day was available there. It was available there and the person purchased the same. When the vegetable vendor was busy in weighing and packing the item for the person, he carefully checked other vegetables that were kept there. He could immediately notice that they were not really as fresh as what was available in the first shop he visited. On his way home, he met some of his friends and shared with them his observation. Those friends of this person visited both the shops and confirmed that their friend's observation was correct. Soon, this message spread throughout the town by word of mouth. From then onwards, people started visiting the second shop only when they wanted a particular vegetable that was not sold in the first shop. Otherwise, they always used to buy vegetables only from the first shop. This message of people's selectivity reached the second vendor as well. From then onwards, he started bringing only those vegetables which the first vendor was not able to offer to the people of the town and not whatever used to be available in the first shop. Also, he started offering vegetables at slightly lower prices. The changed situation also changed vegetable buying pattern of the people of the town. People started visiting the second shop also as frequently as they used to visit the first shop because there would always be some people who look for a different variety of vegetable for the day. Soon, the first vendor realised that people of the town would always buy certain vegetables which he was not keeping in his shop. He then decided to buy from one of the nearby places even those vegetables which he was not growing in his farm and started selling them. He, however, knew that most of the people in the town would normally visit him first for their vegetable requirements. Hence, he thought of selling those other vegetables at slightly higher prices. People started buying those vegetables also from his shop. However, soon they realised that they were paying higher price in his shop. Again in no time, people's purchase pattern changed and they started visiting both the shops.

1. Calculate the value of stock on 31<sup>st</sup> Dec 2011 under FIFO method.

01 Dec. 11	Opening stock	1000 units @ ₹20.30/unit
03 Dec. 11	Purchases	1800 units @ ₹23.40/unit
05 Dec. 11	Issues	600 units
08 Dec. 11	Purchases	500 units @ ₹25.60/unit
11 Dec. 11	Purchases	800 units @ ₹24.20/unit
15 Dec. 11	Issues	2400 units
17 Dec. 11	Issues	900 units
21 Dec. 11	Purchases	2000 units @ ₹21.80/unit
24 Dec. 11	Issues	800 units
30 Dec. 11	Issues	700 units

## Store Ledger as per FIFO Method.

Date	Receipt			Issue			Balance		
	Units	PU	Amt.	Units	PU	Amt.	Units	PU	Amt.
2011									
Opening stock (1. Dec)	-	-	-	-	-	-	1000	20.30	20300

## Assignment - 1

Formulate 4P's of Marketing Mix of KitKat.

### INTRODUCTION

The marketing mix is about putting the right product in the right place, at the right time and the right price. The marketing mix is the set of activities that a company uses to promote its brand or product in the market. All the elements of the marketing mix influence with each other. They lead the company for success. The marketing mix is called as 4P's. The 4P's are Product, Price, Place, and Promotion.

Marketing mix of KitKat by Nestle. KitKat is a biscuit of wafer that is covered by chocolate. Rowntree of England created it in the year 1935 and later Nestle started its production.

after acquiring the company in the year 1988. KitKat has a universal appeal to every generation and age group.

Product in the Marketing mix of KitKat

The traditional KitKat bar has four fingers with a measurement of 9cm by 1cm. Later a bar of two finger was also introduced that is the company's best-selling product till today. The KitKat bars have different number of fingers in accordance with the market.

It starts from the size of half a finger - that is available in Japan - to a bar of three fingers in Arabia, to the bars of twelve fingers that are available in France and Australia. The bars of Nestle KitKat are sold in various forms of multi-packs, boxes, bags and even

individually. "Nestle Kitkat Chunky" was launched in 1999 and "Nestle Kitkat Chunky Peanut Butter" in 2006 in variants such as milk and orange.

Place in the Marketing mix of Kitkat

Nestle Kitkat is produced in at least 21 countries of the world such as Brazil, Canada, UK, Germany, Malaysia etc, and at present is the leading confectionary brand in the global market. It is easily available in nearly one hundred countries of the world. In the year 2010, a new manufacturing line, costing 5 million pounds was opened in York by Nestle. This plant is supposed to produce a billion units of Kitkat every year.

The global team of Nestle Kitkat has developed an intricate network of distributive channels that has the responsibility of ensuring that Nestle Kitkat is available to every interested consumer at whatever place or whenever time.

he desires

Numerous market researches show an amazing fact that 60% of the purchases are impulsive buys without any rhyme or reason. Sales of any confectionary product depends on easy availability therefore, the company tries to supply as many as possible variants of its products to maximum number of outlets through its wholesalers and retail channels.

Price in the Marketing mix of Kitkat

Nestle Kitkat has a very strong image of its brand name and in this competitive market this image allows the company some flexibility in executing its pricing policy. However, in order to increase the volume and maintain its loyal customers. Nestle Kitkat has resolved to maintain a low and fair pricing policy.

The starting prices of the Kitkat product remain unchanged at INR 5, along with its quality. Even if the

quality has been reduced. The customers then do not feel very unhappy with the company as they also realize the effects of rising economy. The stability in the pricing policy has been a major factor in the maintenance of sales of this brand. The company's policy has proved to be a boon for them.

## Promotions in the Marketing mix of Kitkat

The packaging of Nestle Kitkat is very distinctive and is done in white and red colored wrapper. The first advertisement for the brand Nestle Kitkat was shown on television in the year 1957 and first colour advertisement were seen in the year 1967. Some of the most exclusive advertisements of Nestle Kitkat comprises of "Dancing Panda" in the year 1987 and "Have a Break, Have a Kitkat" ads in the early 90s.

Nowadays, a tagline has become an important promotional activity. Nestle Kitkat has relied heavily for its promotions on the media such as newspapers, magazines, billboards, posters, televisions and especially online through internet and various websites that ask the visitors to take a break and have a Kitkat. The company has offered free bars of Nestle Kitkat with family packs and promotional strategies.

Formulate 4P's of Marketing Mix of Dairy Milk.

## INTRODUCTION

Dairy Milk is owned, produced and marketed by Cadbury in the global market and by Hershey Company in the United States. It is a confectionary and is associated with the food industry. It was introduced to the consumer market in the year 1905 by Cadbury Company in the United Kingdom and later its products were sold globally because of its immense popularity. Dairy Milk in the year 2014, was ranked as the best chocolate bar in the United Kingdom. Some of its competitors

## Product in the Marketing Mix of Dairy Milk:-

Dairy Milk is the biggest and most accepted chocolate brand in the world. It caters to every age and class of people.

It has positioned itself as something sweet that is necessary for everyone because of its exquisite taste. Dairy Milk Product line started its first bar with the higher consistency of milk chocolate. In the year 1926, Fruit and Nut was launched as part of its line and later in the year 1933, it was followed by Whole Nut.

Currently, variants of Dairy Milk includes -

- Dairy Milk
- Dairy Milk Big Taste Triple Choc Sensation
- Dairy Milk Big Taste Toffee Whole Nut
- Dairy Milk Turkish
- Dairy Milk Big Taste Oreo Crunch
- Dairy Milk Bubbly
- Dairy Milk with Chunchie Bits
- Dairy Milk Fredo
- Dairy Milk Roast Almond
- Dairy Milk Crackle
- Dairy Milk Fruit and Nut - made with almonds and raisins.
- Dairy Milk Caramel
- Dairy Milk Puddles Mint
- Dairy Milk Little Bar

## Place in the Marketing Mix of Dairy Milk.

Cadbury Dairy Milk is a global brand with its products sold in several countries like France, China, Brazil, Russia, Canada, Italy, India, United Kingdom and Pakistan. Manufacturing of different varieties of Dairy Milk takes place in Poland, France and Ireland.

Cadbury started marketing its products in India in the year 1948 and presently owns four sales offices and five manufacturing offices. Dairy Milk has an intensive policy for distribution of its products and hence has created a capable and efficient transportation chain. The product is easily available in any grocery store, corner stores, convenience store, discount store and supermarket.

FOR EDUCATIONAL USE

## Price in the Marketing Mix of Dairy Milk

Cadbury has several products in the market to meet expectations of its customers. The company believes in providing the best possible product at moderate cost so that it seems affordable to every customer. All the products have value-added pricing strategy and hence are priced differently. Dairy Milk has enjoyed the trust of millions and it is reflected in the company's sales figures.

Huge turnovers have resulted in good profits and lead to the number one position. Qualitative products and reasonable pricing policy have helped Dairy Milk to satisfy new customers and maintain the loyalty of older ones. The company has also adopted a competitive pricing policy and has kept its pricing at par with rival companies.

## Promotion in the Marketing Mix of Dairy Milk.

Dairy Milk has a global presence and to maintain its position as number one in consumer market the brand has taken several steps. It has launched various promotional activities that will help in creating further brand awareness. Its purple packaging is iconic and easily distinguishable. Its commercials are catchy and are aired on television and radio. Ads are also displayed in magazines and newspapers. Social media has been roped in to promote its products.

Indian actor Amitabh Bachchan has been associated with Dairy Milk for a long time. Kuch Meetha To Ho Jaye has been one of the most populated and highlighted slogans of Dairy Milk. Dairy Milk has designed a customer-driven strategy and targeted kids, women and also men and it reflects in most of its slogan and advertisements.

In the year 2007, a campaign titled Gonilla was premiered at Big brother finale and became a success story.

Subject teacher:-

IT in Busi. Mgt - II  
Shubhangi Deplardar

Class test

Class: sybms

Div:-A

Date:-

Write a note on DSS and give characteristics of DSS ?

Give the objectives and components of MIS?

What is MIS and why there is a need of MIS?

What are the application of DSS ?

What is ERP lifecycle?

What are the key benefits of centralized system?

What are the advantages of ERP in business?

Explain Architecture of ERP?

Give the business application of data mining?

Explain the advantages and disadvantages of data warehousing?

Explain the characteristics of DBMS?

Explain different types of data warehouse models?

Explain in detail BPO? Explain the reasons for outsourcing?

What is KPO ? Explain scope and future of KPO?

Write a short note on followings. Attempt any Three:-

- 1) Write a note on CRM?
- 2) Characteristics of MIS?
- 3) Different types of attributes in database system?
- 4) Advantages of outsourcing?
- 5) Role of MIS in organization?

## Assignment 1: Inclusion-Exclusion Principle

Sub: Computational Logic and Discrete Structure

Date of given Assignment: 05/08/2022

Date of Submission: 10/08/2022

- Q.1 In a group of 300 persons 160 drink tea and 170 drink coffee, 80 of them drink both. How many persons do not drink either?
- Q.2 In an examination there were two papers A and B. 900 students appeared for the examination. Exactly 740 and 660 passed in papers A and B respectively. 640 passed in both. Find the numbers of students who failed in both papers.
- Q.3 Find the number of integers between 1 and 500 which are divisible by (i) two, three or five, ii) neither by two nor by three nor by five.
- Q.4 In a survey of 60 persons, it was found that 25 read Newsweek, 26 read Time and 26 read Fortune. Further 9 read both newsweek and Fortune, 11 read both Newsweek and Time, 8 read both Time and Fortune and 8 read none of these.
- i) Find the number of people who read all the three magazines  
ii) Find the number of people who read exactly one magazine.
- Q.5 It was found that in a class 80 students passed in English, 60 passed in Science and 50 passed in Mathematics. It was also known that 30 students passed in both English and Science, 15 passed in English and Mathematics and 20 passed in Science and Mathematics. 10 students passed in all the three subjects. If there were 150 students in the class find, i) how many students passed in at least one subject, ii) how many passed in English only.

13/08/22

10-8-2022 Sub: Computational Logic And Discrete Structure.

# Assignment-I: Inclusion Exclusion Principle

Q 1] In a group of 300 persons 150 drink and 170 drink Coffee, 80 of them drink both. How many persons do not drink either?

Ans] - Let the universal set  $n(U) = 300$   
Let  $n(A)$  be the set of persons who drink tea  $= n(A) = 150$   
Let  $n(B)$  be the set of persons who drink Coffee  $= n(B) = 170$   
Let  $n(A \cap B)$  be the set of persons who drink both  $= n(A \cap B) = 80$

$$n(A \cup B) = n(A) + n(B) - n(A \cap B)$$
$$= 150 + 170 - 80$$

$$n(A \cup B) = 250$$

$$\therefore n(U) - n(A \cup B)$$
$$= 300 - 250$$
$$= 50$$

Q 2] In an examination there were two papers A & B. 900 students appeared for the examination. Exactly 740 and 660 passed in papers A & B respectively. 640 passed in both. Find the numbers of students who failed in both papers.

Ans] - Let  $n(U) = 900$   
 $\therefore n(A) = 740$   
 $\therefore n(B) = 660$   
 $n(A \cap B) = 640$

$$n(A \cup B) = n(A) + n(B) - n(A \cap B)$$
$$= 740 + 660 - 640$$

$$n(A \cup B) = 760$$

$$n(A' \cap B') = n(U) - n(A \cup B)$$
$$= 900 - 760$$
$$= 140$$

Q3] Find the numbers of integers between 1 and 500 which are divisible by (i) two, three or five, (ii) neither by two, three & five.

Ans] - Let the no. of integers divisible by 2 be  $n(A)$   
 $\therefore n(A) = \frac{500}{2} = 250$

Let the no. of integers divisible by 3 be  $n(B)$   
 $\therefore n(B) = \frac{500}{3} = 166$

Let the no. of integers divisible by 5 be  $n(C)$   
 $\therefore n(C) = \frac{500}{5} = 100$

Let the no. of integers divisible by 6 be  $n(A \cap B)$   
 $\therefore n(A \cap B) = \frac{500}{6} = 83$

Let the no. of integers divisible by 10 be  $n(A \cap C)$   
 $\therefore n(A \cap C) = \frac{500}{10} = 50$

Let the no. of integers divisible by 15 be  $n(B \cap C)$   
 $\therefore n(B \cap C) = \frac{500}{15} = 33$

Let the no. of integers divisible by 30 be  $n(A \cap B \cap C)$   
 $= \frac{500}{30} = 16$

(i) No. of integers divisible by 2, 3, 5  
 $= n(A \cup B \cup C) = n(A) + n(B) + n(C) - n(A \cap B) - n(A \cap C) - n(B \cap C) + n(A \cap B \cap C)$   
 $= 250 + 166 + 100 - 83 - 50 - 33 + 16$   
 $= 360$

(ii) No. of integers neither divisible by 2, 3, 5  
 $= 500 - n(A \cup B \cup C)$   
 $= 500 - 360$   
 $= 140$

Q4] In a survey of 60 persons, it was found that 25 read News Week, 26 read Time and 26 read Fortune. Further 9 read both news week and fortune and 8 read none of these.

(i) Find the Number of people who read all three <sup>magazine</sup>.

(ii) Find the Number of people who read exactly <sup>one</sup> ~~one~~ magazine.

Ans] -  $n(U) = 60$        $n(N \cap T) = 11$

$n(N) = 25$        $n(T \cap F) = 8$

$n(T) = 26$        $\therefore n(N \cap T \cap F) = 8$

$n(F) = 26$        $\therefore n(N \cup T \cup F) = 60 - 8$

$n(N \cap F) = 9$        $= 52$

(i) No. of people who read all magazines

$= n(N \cap T \cap F) = n(N \cup T \cup F) - n(N) - n(T) - n(F) + n(N \cap T)$

$+ n(N \cap F)$

$= 52 - 25 - 26 - 26 + 11 + 8 + 0$

$= 80 - 77$

$\therefore n(N \cap T \cap F) = 3$

(ii) No. of people who read exactly ~~one~~ one magazines

No. of people who read Times only

$= 26 - 8 - 3 - 5 = 10$

No. of people who read Newsweek only

$= 25 - 8 - 3 - 6 = 8$

No. of people who read fortune only

$= 26 - 5 - 3 - 5 = 12$

5] It was found that in class 80 students passed in English, 60 passed in Science, 50 passed in Mathematics. It was also known that 30 students passed in both English and science, 15 passed in English and Mathematics and 20 passed in science and Mathematics. 10 students passed in all the three subjects. If there were 150 students in the class find.

(i) How many students passed in atleast one subject

(ii) How many students passed in English only.

Ans] -  $n(E) = 80, n(S) = 60, n(M) = 50, n(E \cap S) = 30,$   
 $n(E \cap M) = 15, n(S \cap M) = 20, n(E \cap S \cap M) = 10,$   
 $n(S) = 150.$

(i) students passed in atleast one subject.

$$n(E \cup S \cup M) = n(E) + n(S) + n(M) - n(E \cap S) - n(E \cap M) - n(S \cap M) + n(E \cap S \cap M)$$

$$= 80 + 60 + 50 - 30 - 15 - 20 + 10$$

$$= 135$$

(ii) No. of students passed in English only

$$n(\text{English only}) = 80 - 20 - 10 - 5$$

$$= 45$$

Academic Year – 2022-23

Class: FYB.Sc.IT (Sem-1)

Practice Question Bank

Subject : Digital Electronics

Topic: Boolean algebra

1. Simplify the Boolean expression **using Boolean algebra.**

a.  $(A + B) + \bar{B}$ .

b.  $AA + BC + \bar{BC}$ .

c.  $\bar{A} + C + AB$ .

d.  $\bar{A}(B + AC)$ .

2. Simplify the Boolean expression.

a.  $(A + B) + \bar{B}$ .

b.  $AA + BC + \bar{BC}$ .

c.  $\bar{A} + C + AB$ .

d.  $\bar{A}(B + AC)$ .

3. Simplify following

$$\overline{(A + B)(B + C)}$$

$$\overline{(A + \bar{B})(\bar{B} + C)}$$

$$\overline{(\bar{A} + B)(\bar{B} + C)}$$

$$\overline{(A + B)(\bar{B} + C)}$$

$$\overline{(A + \bar{C})(A + \bar{B})}$$

### Boolean Expression Simplification

Use the Boolean Algebra laws to simplify each of the Boolean expressions. Create the logic gate circuit and truth table for the original and simplified Boolean expressions to verify that the Boolean expressions are equivalent.

<u>Boolean Expression</u>	<u>Boolean Laws Used</u>	<u>Logic Circuit &amp; Truth Tables</u>
1. $(A + B)(A + C)$		
2. $A + AB$		
3. $A + \bar{A}B$		
4. $(A + \bar{B} + \bar{C})(A + \bar{B}C)$		
5. $A + B(A + C) + AC$		

The South Indian Association's  
**The S.I.A. College of Higher Education**

Near Balaji Mandir, Dombivli (East), 421203.

**DEPARTMENT OF INFORMATION TECHNOLOGY**  
**TY BSC IT SEMESTER V**  
**NEXT GENERATION TECHNOLOGY**

**ASSIGNMENT 1**

1. What is big data? What are the sources of big data? What are the 3Vs of big data?
2. What are the usage of Big data?
3. What are the big data technologies?
4. Write notes on CAP theorem.
5. Brief on BASE.
6. What are the advantages and disadvantages of NoSQL.
7. SQL vs NOSQL

The South Indian Association's  
**The S.I.A. College of Higher Education**  
Affiliated to University of Mumbai

Near Balaji Mandir, Dombivli (East), 421203.

**DEPARTMENT OF INFORMATION TECHNOLOGY**  
**TY BSC IT SEMESTER V**  
**NEXT GENERATION TECHNOLOGY**

**ASSIGNMENT 2**

1. Brief on MongoDB design philosophy.
2. Compare SQL with NoSQL.
3. Explain MongoDB data model.
4. Write notes on capped collection
5. What is identified(\_id)? Explain
6. Brief on Object Oriented Programming.

The South Indian Association's  
**The S.I.A. College of Higher Education**  
Affiliated to University of Mumbai  
Accredited B+ by NAAC  
P-88, MIDC Residential Area Dombivli Gymkhana Road,  
Near Balaji Mandir, Dombivli (East), 421203.

**DEPARTMENT OF INFORMATION TECHNOLOGY**  
**TY BSC IT SEMESTER V**  
**NEXT GENERATION TECHNOLOGY**

**ASSIGNMENT 3**

1. Write short notes on oplog.
2. Explain replica set with proper diagram
3. What are the types of Secondary members?
4. What are the types of indexes?
5. Explain aggregate function with example.
6. Brief on Mapreduce.
7. Find the average mark of all students in student collection.
8. Create a collection
9. Insert data inside collection.

Date: 27/1/2023

Subject: Embedded System

Class: SYB.Sc.IT

Assignment – 1 (Unit-1)

Marks : 5 marks each

1. Explain the various purposes of embedded systems in detail with illustrative examples?
2. What is difference between Application specific Integrated circuit (ASIC) and Application specific standard product (ASSIP)?
3. What is Digital Signal Processor (DSP) ? Explain the role of DSP in embedded system?
4. What are sensors and actuators? Explain their roles in embedded system?
5. Explain the different on-board communication interfaces?
6. Compare the operation of ZigBee and Wi-fi network technologies?
7. Explain the different characteristics of embedded systems in details?
8. Explain quality attributes in embedded system development context? What is operational quality attributes?

Subject Teacher

Convenor

Affiliated to University of Mumbai  
Re-accredited B+ by NAAC  
P-88, MIDC Residential Area Dombivli Gymkhana Road,  
Near Balaji Mandir, Dombivli (East), 421203.

**DEPARTMENT OF INFORMATION TECHNOLOGY**

**CLASS: FYIT**

**SUBJECT: GREEN IT**

**SEM: II**

**ASSIGNMENT 1**

1. What are toxins? What are the various toxins found in computers?
2. Explain carbon foot print in detail
3. What are the various ways to reduce cost?
4. Brief on strategizing green initiative.
5. Explain how to implement Green IT.
6. Brief on WEEE and ROHS
7. What are the directives taken by the following countries?
  - a. France
  - b. Switzerland
  - c. Germany
  - d. Italy
8. Write notes on non-regulatory Government initiatives
9. Brief on
  - a. FICCI
  - b. CII
10. What are the objectives of Greenpeace movement?
11. Explain Green Data Centre.

The South Indian Association's  
**The S.I.A. College of Higher Education**  
Affiliated to University of Mumbai  
Re-accredited B+ by NAAC  
P-88, MIDC Residential Area Dombivli Gymkhana Road,  
Near Balaji Mandir, Dombivli (East), 421203.

**DEPARTMENT OF INFORMATION TECHNOLOGY**

**CLASS: FYIT**

**SUBJECT: GREEN IT**

**SEM: II**

**ASSIGNMENT II**

1. Write notes on monitoring power usage and low cost usage.
2. Brief on reducing power usage.
3. How to involve utility company in reducing cost?
4. Explain RAID & MAID.
5. List and explain various wireless connections.
6. How to calculate cooling needs?
7. What are the ways to reduce cooling cost?
8. Write notes on humidity.
9. Explain system design.

The South Indian Association's

**DEPARTMENT OF INFORMATION TECHNOLOGY**

**CLASS: FYIT**

**SUBJECT: GREEN IT**

**SEM: II**

**ASSIGNMENT III**

1. Write notes on Data Centre IT infrastructure.
2. Describe the evolution of IT platform infrastructure towards virtualized cloud based system.
3. What are the objectives of Green Network protocol?
4. How can an organization reengineer its process to be more environment friendly?
5. What are the steps to be taken for recycling non-IT companies?
6. What are the other sources of pollutants and how they can be managed?
7. What is telecommuting?
8. How can telecommuting be achieved by outsourcing?
9. Which things are needed to go paperless in organization?
10. Brief on paperless billing.
11. Brief on unified communication.
12. What are the components required for building intranet?
13. Write short notes on Electronic Data Interchange

Binit Gupta

Q1.) Estimate the absolute, relative and Percentage errors in evaluating  $f(x, y) = x^2 + y^2$ , where true values  $x$  &  $y$  are 3 and 4 and approximate A, B of  $x = 3.49$  &  $y = 4.0001$

Q2.) Solve the following LPP using graphical method  
Min  $Z = 3x + y$  subject to  
 $x + y \geq 5$ ,  $40x + 3y \geq 18$ ,  $x \geq 0$ ,  $y \geq 0$

Q3.) Fit a straight line for the following data

$x$	0	5	10	15	20	25
$y$	12	15	7	22	24	30

Q4.) Obtain regression plane by using Multiple Linear regression to fit the following data

$x$	1	2	3	4
$y$	17	21	30	33
$z$	2	3	5	6

Q5.)

Q.) Given: True value of  $x$  &  $y = 3, 4$   
Approximate value of  $A, B = 3.49, 4.000$

$$\begin{aligned} \text{True value} &= f(x, y) \\ &= x^2 + y^2 \\ &= (3)^2 + (4)^2 \\ &= 25 // \quad \checkmark \end{aligned}$$

$$\begin{aligned} \text{Approximate value} &= f(x, y) \\ &= x^2 + y^2 \\ &= (3.49)^2 + (4.0001)^2 \\ &= 12.1801 + 16.0008 \\ &= 28.1809 // \end{aligned}$$

$$\begin{aligned} \text{Absolute error (E}_A\text{)} &= |\text{True value} - \text{Approximate val}| \\ &= |25 - 28.1809| \\ &= |-3.1809| = 3.1809 // \end{aligned}$$

$$\begin{aligned} \text{Relative error (E}_R\text{)} &= \frac{\text{Absolute error}}{|\text{true value}|} \\ &= 0.127236 // \end{aligned}$$

ok ✓

$$\begin{aligned} \text{Percentage error (E}_p\text{)} &= E_R \times 100 \\ &= 0.127236 \times 100 \\ &= 12.7236 // \end{aligned}$$

∴ Absolute error	= -3.1809
Relative error	= 0.127236
Percentage error	= 12.7236

Q2.) Given: Minimize  $z = 3x + y$   
 Subject to  $x + y \geq 5$   
 $4x + 3y \geq 18$   
 $x \geq 0, y \geq 0$

$$x + y = 5$$

$$x \quad 0 \quad 5$$

$$y \quad 5 \quad 0$$

$$(0, 5) \quad (5, 0)$$

$$4x + 3y = 18$$

$$x \quad 0 \quad 4.5$$

$$y \quad 6 \quad 0$$

$$(0, 6) \quad (4.5, 0)$$

point of intersection is B(3, 2)

corner point

$$z = 3x + y$$

$$(0, 6)$$

$$6$$

$$(3, 2)$$

$$8$$

$$(5, 0)$$

$$15$$

$\therefore z = 3x + y$  is minimum at A(0, 6)

$$z_{\min} = 6$$

ok

$$a = 11.2857 \quad b = 0.6971$$

Q3.)

→ Let the required straight line be  
 $y = a + bx$

Normal equation:  $\Sigma y = na + b \Sigma x$

$\Sigma xy = a \Sigma x + b \Sigma x^2$

X	Y	xy	x <sup>2</sup>
0	12	0	0
5	15	30	25
10	17	170	100
15	22	330	225
20	24	480	400
25	30	750	625

$$\Sigma x = 75 \quad \Sigma y = 120 \quad \Sigma xy = 1805 \quad \Sigma x^2 = 1375$$

$$\therefore \Sigma y = na + b \Sigma x$$

$$120 = 6a + 75b \quad \text{--- (1)}$$

$$\Sigma xy = a \Sigma x + b \Sigma x^2$$

$$1805 = 75a + 1375b \quad \text{--- (2)}$$

∴ By solving the equation simultaneously, we get

$$a = 11.2857, \quad b = 0.6971$$

$$\therefore y = 11.2857 + 0.6971x //$$

(94.)

→ Let the required straight line be  
 $y = a + bx + cz$

Normal equation :  $\sum y = na + b\sum x + c\sum z$

$\sum xy = a\sum x + b\sum x^2 + c\sum xz$

$\sum yz = a\sum z + b\sum xz + c\sum z^2$

X	y	z	xy	y <sup>2</sup>	xz	x <sup>2</sup>	z <sup>2</sup>
1	17	2	17	34	2	1	4
2	21	3	42	63	6	4	9
3	30	5	90	150	15	9	25
4	33	6	<del>21</del> 132	198	24	16	36

$\sum x = 10$   $\sum y = 101$   $\sum z = 16$   $\sum xy = 173$   $\sum y^2 = 445$   $\sum xz = 47$   $\sum x^2 = 30$   $\sum z^2 = 74$   
 $\sum xy = 281$

$\therefore \sum y = na + b\sum x + c\sum z$   
 $101 = 4a + 10b + 16c \quad \text{--- (1)}$

$\sum xy = a\sum x + b\sum x^2 + c\sum xz$   
 $281 = 10a + 30b + 47c \quad \text{--- (2)}$

$\sum yz = a\sum z + b\sum xz + c\sum z^2$   
 $445 = 16a + 47b + 74c \quad \text{--- (3)}$

∴ By solving the simol equation simultane-  
 ously we get  
 $a = 8.25$  ,  $b = -2$  ,  $c = 5.5$

∴ The Required pta regression plane is

$$y = 8.25 - 2.9x + 5.5z //$$
