A Report on Student's Research Workshop

Date: 10 January 2023

Undergraduate research provides an opportunity for students to work with teachers to complete their research projects and produce research articles. With this view in mind, a one-day student's research workshop was conducted on 10th January at 10.00 am. in association with GICDE-University of Mumbai. The primary aim behind organizing this workshop was to equip final-year BMS, B&I, IT, and BAF students with research knowledge.

Dr. Keyurkumar M. Nayak, Director, Garware Institute of Career Education and Development (GICED), University of Mumbai was the resource person. Dr. Nayak discussed how to select a research topic. He suggested some of the areas of research and topics like the role of social media in digital marketing, Digital marketing of products and services, Big data analytics, Impact of microfinance on self-help groups, Ratio analysis of companies, SWOT analysis companies viz. Infosys and TCS, seventeen goals of sustainable development set by UNO. He guided the students on problem identification for a research project. In the second session, Dr. Nayak explained the general format of the research project and talked in detail about the title page, declaration, acknowledgment, the background of the study, introductory chapter, literature review, research methodology, objectives, sampling techniques, hypothesis, research gap, data analysis, findings, conclusion, suggestions, references and questionnaire schedule. He also talked about dos and don'ts of writing a report on research work and suggested a few websites be visited by students like the world economic forum and U. N. Website. The discussion was followed by a question-answer session.

In all 201 students including 112 boys and 89 girls participated in the workshop. Mrs. Booma V. Halpeth, Vice-principal introduced the guest and put forth the purpose of conducting the workshop while Dr. Nitinkumar M. Patil, convener, research committee, expressed a vote of thanks.
