The South Indian Association's
The S.I.A. College of Higher Education
Affiliated to University of Mumbai
Accredited B+ by NAAC
P-88, MIDC Residential Area Dombivli Gymkhana Road,
Near Balaji Mandir, Dombivli (East), 421203.

Perspective Plan 2023-24

The focus of quality policy is to pursue standards of excellence in teaching, research, consultancy, and value-based education. In this regard, the perspective plan of the College is prepared to improve teaching and learning, build research culture, strengthen MOUs, and incorporate value-based education which will create socially responsible citizens who can face the upcoming challenges of the dynamic society at professional as well as personal level.

Objectives of perspective plan

- To create a good academic environment for students, integrating theoretical knowledge with practical exposure
- To mould and encourage faculty members to adapt to newer methods of teaching and learning.
- To encourage faculty members and students to get involved in research to gain in-depth knowledge in their area of interest.
- To create opportunities to connect with the community and to become socially responsible citizens.
- To emphasize building MOUs and collaborations for strengthening employability
- To understand the capabilities of the institution and strive to adapt as per the demands of the dynamic educational sector.

To achieve the objectives of the perspective plan in the coming years, the College strives to use the power ingrained in the name, S.I.A., which stands for South Indian Association, which carries the core values of stability, integration, and adaptation. Hence, the focus of perspective plan has been designed using the abbreviation of the South Indian Association, that is S. I. A., where **S** represents "*Stability and Sustainability*", **I** represent "*Innovation and Integration*", and **A** represents "*Acquaintance and Adaptation*".

Perspective plan for 2023-2024 - S.I.A'- A way forward for the attainment of goal. stability and Sustainability: This can be achieved by strengthening the curriculum development and teaching learning processes.

- Identifying the learner's capacity of understanding and devising methods of teaching accordingly
- Achievement of overall results 80 % across all the programs at TY level
- Encourage students for higher education.

Innovation and Integration: This can be achieved by encouraging research and development of all round personality

A) Research

- Promote participation of faculty members and students in research-oriented workshops and training
- Encourage faculty members to publish papers in indexed and CARE listed research journals
- Organize national level conferences, seminars and workshops.
- Emphasis on minor research projects by faculty members
- Encourage faculty members to register for PhD

B) Extension Activities

- To increase the number of community related activities
- Organize various activities to develop the spirit among the students to serve the community
- To collaborate with local bodies for conduct of activities related to cleanliness, waste management, health and wellbeing, blood donation and so on

New course

- The college proposes to apply for a new course from the academic year 2024-25

C) SIA Techlink

- Encourage students and faculty members to develop software.
- Conduct training and workshop for the students to involve themselves in developing software required for the college

Acquaintance and Adaptation:

This can be achieved through placement, student support, sports, cultural activities and good governance

A) Placement

- MOUs and collaborations which can satisfy the needs of the prevailing job market
- Encourage students to go for higher education
- Develop industry tie-ups for internships and campus placement
- career counselling and training for competitive examination
- Strengthen the entrepreneurship cell to help students become self-employable

- Invite industry experts to provide practical knowledge

B) Sports and cultural activities

- Encourage students to participate in cultural and sports at various levels

C) Good Governance

- Financial support for research, and economically weaker sections of students
- Provisions of fund for faculty development programmes
- Develop infrastructural facilities to meet the growing needs of the institution.
